

We regret to hear that Mr. Aug. C. Knowlton has been officially informed that the Senate failed to confirm his appointment to the position of Trial Justice made by the Governor.

LARCENY.
On Saturday evening last, just about dark Mr. Ezekiel had a bag of rice stolen from his place of business, by two colored men, efficient in the art of thieving, John Williams and George Peebles. The rice was sold to Messrs. Felder, Vose & Izlar. The rascals who committed this crime were arrested, but we are informed that they compromised with Mr. Ezekiel and are now "Scott free". The penalty of the law should be meted out to such scamps, and we hope that such work as compromising will be stopped.

CLEANINGS.
The woman question.—What had she done? Columbia election of last week won Radical.

Woman first tempted man to eat. He took to drinking on his own account. "I'm a free man," says no matter how well paid a dentist is, he always looks down in the mouth.

The Englishman who called the House a "lusted hole" was literally correct.

It has been discovered that in nine cases out of ten the nightmare is produced from owing a bill to the printer.

Seven etc. is the sum paid daily to each of the twenty-five thousand women and girls who are employed in the manufacture of Manila cigars.

In Illinois they have surprise parties by sending an anonymous letter to a resident. He gets everything ready and nobody comes. The surprise is complete.

A wife having lost her husband was inconsolable for his death. "Leave me to my grief," she cried, sobbing, "you know the extreme sensibility of my nerves—a mere nothing upsets them."

Bad Luck is simply a man with his hands in his pockets and his pipe in his mouth, looking on to see how it will come out. Good luck is a man of pluck, with his sleeves rolled up, and working to make it come right.

A loving heart and pleasant countenance are commodities which a man should never fail to take home with him. They will best season his food, and soften his pillow. It were a great thing for a man that his wife and children could truly say of him. He never brought a frown of unhappiness across his threshold.

BABIES.—We love the little babies, and love everybody that loves little babies. No man has music in his soul who don't love babies. Babies were made to be loved, especially girl babies, when they are grown up. A man isn't worth a shuck

who has a baby. The same rule applies to women. A baby is a spring day in winter; a ray of sunshine in frigid winter, and if it is healthy and good-natured it is a basket of sunshine no matter how cold the weather. A man cannot be a hopeless case so long as he loves babies one little thing. We love babies all over no matter how dirty they are.

Babies were made to be dirty. We love babies because they are babies and because their mothers were loveable and lovely women. Our love of babies is only bounded by the number of babies in the world. We always have sorrowful feelings for women who have no babies, and don't expect any.

Women always look down-hearted who have no babies; men who have no babies always grumble and drink whiskey, and stay out at night trying to get music in their soul, but they can't come it. Babies are babies and nothing else can take their place. Pianos play out and beauty plays out, and sweet temper plays out and good living plays out, unless there is a baby in the house.

POST OFFICE DEPARTMENT—NOTICE.
Owing to the rapid increase in the mails and the establishment of many new post offices throughout the country, this department finds it necessary, in order to facilitate the distribution and to secure a speedy transmission of the heavy mails now passing, particularly over the trunk lines of railroad, to request of the public, that in all cases the name of the county, as well as the post office and State, be superscribed upon letters, circulars, newspapers, and other matter to be forwarded by mail.

WITH SINGER STILL TRIUMPHANT!
NEW FAMILY SINGER SEWING MACHINE,
WITH ATTACHMENTS FOR ALL KINDS OF WORK is fast winning favor in the household, as shown by the rapidly increasing sales. This NEW FAMILY SINGER SEWING MACHINE is capable of a range and variety of work such as was once thought impossible to perform by machinery. It is cheap, most beautiful, delicately arranged, nicely adjusted, easily operated, and smoothly running of all the Family Sewing Machines. It is remarkable not only for the range and variety of its sewing, but also for the variety and different kinds of texture which it will sew with equal facility and perfection, using silk twist, linen or cotton thread, fine or coarse, making the Interlocked-elastic stitch, alike on both sides of the fabric sewn. Thus, heavier cloth, or leather, may be sewn with great strength and uniformity of stitch; and, in a moment, this willing and never-wearrying instrument may be adjusted for fine work on gauze or gossamer tissue, or the tucking of tarlatan, or ruffling, or almost any other work which delicate fingers have been known to perform.
At the World's Fair, it received the great award of the highest sales!
